

# ZEYNEP BEYZA ÖZDEMİR

## Software Engineer

### About Me

I studied in software engineering and graduated from Manisa Celal Bayar University at (2017-2022). For about 3 years, I have been developing mobile applications that offer special solutions to customers and managing these processes. I want to direct my career in the field of Web-Frontend. I am a fresh software engineer who can learn quickly, think, be disciplined and responsible, inclined to teamwork, willing to improve myself in leadership.

I want to add value to your company with my entrepreneurial, enthusiastic and energetic personality.
